HAWAII RAILROAD SUGAR CONVEYORS Exposition Wants Liliuokalani As

Company Offers To Install Three Additional Units On Kuhio Wharf For Territory

HARBOR BOARD FAVORS PROPOSITION AND ACTS

Understanding Is That Next Legislature Will Appropriate Funds For Government Purchase

(From Thursday Advertiser) L. A. Thurston, general manager of the Hawaii Consolidated Railway, Ltd., meeting yesterday afternoon, a plan whereby the railroad will erect three additional sugar-handling units on Kuhio wharf, Hilo, with the understanding that the board will recommend to the rext legislature that the units be purchased by the Territory at cost, esti-

mated at about \$10,000. After some discussion the board ap-pointed a committee, composed of W. Woodward (acting chairman), W. H. McClellan and James Wakefield, with instructions to take the matter up with the attorney-general and ascertain just what steps the board may legally take in the premises. This was the only ofmembers, as expressed during the discussion of the plan, was in favor of the idea. After the meeting Col. C. J.

"This is not a new plan. The board took steps about a year ago along similar lines, but was able to accomplish nothing. While we took no official action we are favorably disposed toward the idea, and will, provided the attorney general finds we have the right, follow the recommendations of Mr. take over the conveying machinery the railroad wishes to install."

proposals
"Gentelmen:—Sugar Carriers at Kuhio Wharf: Several unofficial conferences have recently been held by your board and representatives of the Hawaii Consolidated Bailway, Ltd., relating to the above named subject.

The following statement is submitted in order that there may be a clear understanding as to the facts and motual intentions of your board and said company: "1. There are four unit sugar car-

riers in the wharf design; each cartier being designed to serve two hatches of a steamer lying at the wharf; "2. The board has ordered one of these units, which is expected to arrive

and be installed within the next few "3. While desirous of installing all ur units, the board is unable to do

The installation of one carrier unit will be insufficient to give firstclass accommodations to a large steamer taking sugar at the wharf, by reason of the fact that only two hatches can tral and South America. Experiments be loaded at once; whereas, efficient dispatch requires that sugar be supplied the hone of finding some method of to four hatches at once;

6. By reason of the distance of the sugar warehouse on said wharf from the edge of the wharf, and inconvenience of securing access to ships lying at the wharf, and the lack of mechan ical handlers designed for the wharf, the cost of conveying the sugar from the warehouse to ship, is much higher than the cost has been at the railroad wharf, and than has been estimated would be the cost of handling the sugar on Kuhio wharf:

**7. Under the foregoing circumstances, it has been suggested, and the said company hereby offers and requests the approval of your board to the following suggestions, viz:

(1) The Hawaii Consolidated Rail-Ltd., will, at its own expense, purchase and install the other three loading units in accordance with the plans and specifications and subject to the supervision of your board; Railroad Agrees To Sell

"(2) It is understood that the essaid three units is in the vicinity of ten thousand dollars (\$10,000); but tenders shall be called for furnishing and installing the same. Your board to handle such call, but the financial responsibility to the contractor to be exclusively upon the railroad;
